

The Club at Apple Mountain Club Participation Policy

February, 2016

For a player to be eligible to sign up for any NCGA Qualifiers or for any of the Club's Major Tournaments (Match Play Championship, Club Championship and Senior Club Championship), he or she must have played in at least two club monthly tournaments during the preceding 12 months. This eligibility may be waived at the Tournament Committee's recommendation and the Board's approval. This policy is necessary as, in the past, there have been participants that join the NCGA and our club only to play in the NCGA Qualifiers or the Clubs Championships, our most important and key events. We actively encourage all members to play in our championship and NCGA events; however, in the interest of fairness to our active members, this "Participation Policy" is necessary.
